1. INTRODUCTION

The Malaviya National Institute of Technology Jaipur is one of the 20 National Institutes of Technology in India. These Institutes have been created as centers of excellence for higher training, research and development in science, engineering and technology. Established as a College of Engineering College in 1963, the Institute was declared as National Institute of Technology in the year 2002. It was then accorded the status of deemed university with powers to decide its own academic policy, to conduct its own examinations and to award its own degrees.

The Institute offers undergraduate, postgraduate and research programmes through its Departments. The Institute admits on an average about 820 students for undergraduate (B.Tech./B.Arch.) programmes and about 750 students for the postgraduate and research (M. Tech./M. Planning/M.Sc/MBA/Ph.D.). This intake is further poised to increase from session 20010-11 onwards, in view of MHRD directive for OBC reservation provision.

The institute offers four year undergraduate courses of study leading to the Bachelor of Technology degree in Chemical, Civil, Computer, Electrical, Electronics & Communication, Information Technology, Mechanical and Metallurgical & Materials Engineering and five year Bachelor of Architecture degree.

The institute offers full-time/part-time postgraduate programmes in Department of Engineering & Technology leading to the degree of Master of Technology in Water Resource Engineering, Environmental Engineering, Transportation Engineering, Power Systems in Electrical Engineering, Electronics & Communication Engineering, VLS Design, Manufacturing System Engineering, Energy Engineering, Metallurgical & Materials Engineering, Chemical Engineering, Computer Engineering, Master of Planning (Urban Planning) and Structural Engineering.

The Institute also offers full time MBA programme in the Department of Management Studies and M.Sc. in Chemistry, Physics and Mathematics.

The institute offers Full-time/Part-time Ph.D. programmes in Civil, Chemical, Computer, Electrical, Electronics & Communication, Information Technology, Mechanical, Metallurgical & Materials, Structural Engineering, Physics, Chemistry, Mathematics and Humanities & Social Sciences. These courses provide advanced learning of the subjects and develop manpower with expertise in selected fields of engineering and technology.

Location: MNIT Jaipur is situated on Jawahar Lal Nehru Marg in South of Jaipur. This Institute is about 10 km. away from the Jaipur Railway Station/Main Bus Stand and 5 km from the Airport. Frequent City transports are available to this Institute.

Campus: MNIT Jaipur is a residential Institution and provides residential facilities to the students as well as staff. The Institute campus area extends to 325 acres with many interesting topographical features, imaginatively laid out with picturesque landscape, numerous buildings and wide roads, the campus presents a spectacle of harmony in architecture and natural beauty.

The Central Library, Central Computer Centre and Design Centre of the institute are the backbone of the institution and are accessible to the students and staff of the institute.

2. CREDIT SYSTEM

Education at the Institute is organized around the credit system of study. The prominent features of the credit system are process of continuous evaluation of a student, performance, and a flexibility to allow a student to progress at an optimum pace suited to his/her ability or convenience subject to fulfilling minimum requirement for continuation.

Each course has a certain number of credits, which describe its weightage. A student's performance is measured by the number of credits that he/she has completed satisfactorily. A minimum Grade Point Average of 5.5 is required to be maintained for satisfactory progress. Also a minimum number of earned credits should also be obtained in order to qualify for the degree.

The minimum academic requirements for the various degrees including minimum & maximum credits to be registered in a particular semester are indicated in the Institute's Prospectus, which will be supplied to the admitted candidates on the date of registration.

Every course is co-ordinated by a member of the teaching staff of the department, which offers the course in a given semester. This faculty member is called the Course Co-ordinator. He has full responsibility for conducting the course, co-ordinating the work of the other members of the faculty involved in that course and for holding tests and assignments and awarding grades. For any difficulty a student is expected to approach the Course Co-ordinator for advice and clarification.

3. Ph.D. Programmes

The Objective

The Malaviya National Institute of Technology Jaipur (MNIT) offers Ph.D. degree through its various Departments. The award of Ph.D. degree is in recognition of high academic achievements, independent research and application of knowledge to the solution of technical and scientific problems in Science, Technology, Management and Humanities & Social Sciences. Creative and productive inquiry is the basic concept underlying the research work.

The academic programme leading to the Ph.D. degree is broad-based and involves a course credit requirement and a research thesis. The Institute also encourages interdisciplinary areas through a system of co-supervision and provides excellent opportunities for such programmes. The Institute undertakes sponsored research and development projects from industry and other organizations public as well as private sector.

The research work shall be an original work characterized either by the discovery of facts, or by a fresh approach towards the interpretation and application of facts, or development of equipment making a distinct advance in instrument technology. It shall evince the candidate's capacity for critical examination and sound judgment and shall represent original contribution to the existing knowledge.

The degree of Doctor of Philosophy is granted for research work in areas recognized by the academic departments of the Institute. The degree of Doctor of Philosophy will be awarded in the discipline of the department in which the candidate is registered.
